For the patient

Please call the MRI Center as soon as possible about your appointment (708-636-0633). We will need to ask you some very specific questions about the risk of having **metal in your eyes**. We will also be asking questions related to your medical condition and your insurance. Please have this information available when you call.

There are no special precautions you need to take before having the MRI exam. For most exams, you may eat, drink and take your normal medications (if any). However, if your doctor has ordered an abdomen MRI exam, certain fasting requirements may need to be met. The MRI does not interfere with any other tests that may be ordered. If you have clothes with no metal (such as sweatsuits) you may wear them during the exam otherwise clothes will be provided at the MRI Center. You may bring a friend or family member to be present with you during the exam. If you have any questions, please feel free to call at any time.

Southwest Hospitals MRI Center is open six days a week with evening appointments available Monday through Thursday.

Normal hours for scheduling are Monday - Thursday from 7:30 a.m. to 8:00 pm,
Friday from 7:30 a.m. to 4:00 p.m. and Saturday from 7:30 a.m. to 4:00 p.m.
